

FEATURE // ROBERT GRAHAM

J. Barbaro Clothiers is proud to announce the Robert Graham Shop is now open. The shop in the shop features an array of merchandise. Most shoppers appreciate the trendy color palette with contrasting collars and cuffs of the casual shirts. Be sure to stop in and check out the new spring collection of t-shirts, polo's, shorts, denim, and accessories. There's no doubt that Robert Graham leads the way of fashion forward men's apparel as a work of art!

TIP // DID YOU KNOW?

Did you know it is a major faux pas to match your tie and pocket square? A tie and pocket square should compliment each other. Select a secondary color from the tie and that should be the primary color of your pocket square, also note that patterns should always be different in size.

TREND FORWARD // SPRING 2013

Okay guys, where do you begin when you've finally decided to change your look? This is the biggest challenge for most of us. We are asking ourselves the question "Do we start from the top down... Or do we begin with the small touches that can make a huge impression?" Either way - it is a good idea to begin somewhere. It is time to get away from the outdated rut!

Spring 2013 is all about the pale grey suits. The more pale grey, the better. If grey is not your color, hang up the traditional black suit for a sharp navy blue. Blue is the new black for spring and summer.

For the casual look, it's time to trade khaki color anything for brown. This tip comes straight from the men's fashion shows during Milan Fashion Week. Be sure to keep the leather jacket in your closet 'on the ready'. The leather baseball-looking jacket is definitely must have for the spring.

Also, accessories are big this season. The Panama hat look (resort style), belts with a "D-ring" instead of a buckle, the retro squared sunglasses and pocket squares are always great finishing touches to add to your new up-dated style.

UPCOMING // MARCH & APRIL

Robert Graham Trunk Show
March 21, 2013
5-8 PM

Made to Measure Month
April 2013

Made to Measure Event
April 17-18, 2013
